

# SERVICES & SUPPORTS FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES AND THEIR FAMILIES THAT DO NOT REQUIRE OPWDD ELIGIBILITY

There are a limited number of OPWDD funded services that *do not* require OPWDD eligibility such as those that provide assistance with the eligibility process and crisis intervention. In Orange County, additional services can be accessed without OPWDD eligibility because they are funded in part or entirely by your county government through its Department of Mental Health (OCDMH) or through funds raised by non-profit agencies. Service descriptions can be in the service guide at [www.orangecountynddconnection.com](http://www.orangecountynddconnection.com)
